

Cab Drivers

Bio

The project Cab Drivers (ZKY & Daniel Paul) has been around for over 25 years. With its countless unique and authentic recordings since its inception, Cab Drivers have become among the most recognizable electronic music duos while always maintaining a faithful dedication to their own ideas, and creative approach to music production.

Well known for their exquisite music collection with a broad range of genres, while performing live and as DJ acts around the globe, Cab Drivers quickly shaped a peculiar sound niche of their own.

Their fueled energy, loopy, driving bass lines and the thriving groove for busy dance floors is what Cab Drivers are known for, not only through their own productions on the label Cabinet, but also in countless remixes.
