# Biography\_

Parisian duo formed in 2016, creators of Rakya and Velvet Spirit Records, where they release the music they believe in.

Regularly touring around Europe and the world (South Korea, Australia, Russia), they played the most infamous clubs and festivals, including Hoppetosse, Rex Club, Nostromo, Concrete, Renate.

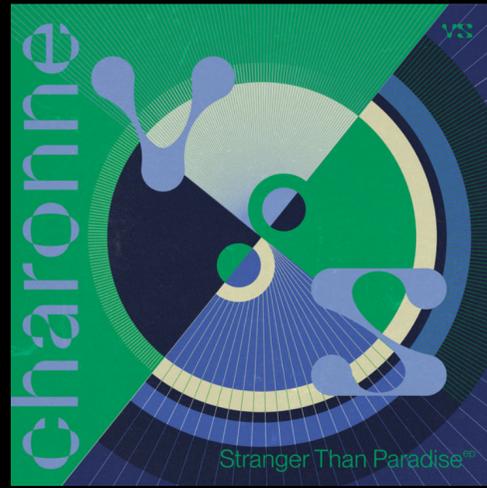

With influences coming from hip hop to funk or jazz, they dig for unique electronic music records, making them respected selectors.

With Eps on Partisan, LowMoneyMuicLove, ForestIII, ATWT and Imprints Records, they set the tone of their retro-futurist sound.
